وظایف و تکالیف دانشجویان:

Three key points:

- All the students must keep their mobile phones turned off during the sessions. This POINT is very important; because disregarding about this can lower your final score.
- Entering into the classroom after the teacher will be considered as absent!
- Suggesting for leniency in scoring is strictly prohibited.

قوانین و مقررات آموزشی:

This lesson will be presented face-to-face.

The student's presence in all the curriculum and other educational activities of the course is mandatory.

Absence of a student in each lesson should not exceed 4/17 of the total hours of that lesson, otherwise the student's grade in that lesson will be considered zero.

If the absence of a student in a course is more than the allowed limit and it is considered justified by the faculty, that course will be removed from the student's elective courses.

Unexcused absence in the exam of any subject will result in a zero grade for that subject.
